The **Flagstaff Hill Football Club** is one of the fastest growing football clubs in the Southern Football **League**.

Our philosophies

At the Flagstaff Hill Football Club we pride ourselves on our philosophies of **club spirit**, **junior development** and **constant improvement**. While we are proud of our on-field success of five premierships in the last five years – and of being the grass roots home of AFL players **Adam Cooney** and **Danny Meyer** - we are just as proud of our off-field success. We believe in the important role that Clubs play within our community, particularly in teaching important life skills to our players both on and off the field.

Saturday and Sunday options

In 2008, the Club fielded a record three senior teams (A, B & C grades), three junior teams (U14s, U16s & U18s) and six sub-junior teams, as well as a thriving AusKick program. Our sub-juniors play

on Sundays so that Club football doesn't interfere with school commitments. For the first time in the Club's history, **in 2009 we will be fielding Sunday Under 14 and Under 16 teams** to cater for the growing number of players who are attending private secondary schools which have Saturday football competitions.

Professional practice

We carefully select our coaching and support staff to ensure we provide all of our players with an **encouraging**, **enjoyable**, **successful** and **safe** sporting environment. We believe that it is the role of our coaches, trainers and team support

staff to support each player and treat each one of them as a team member and as an individual. In addition, they have a responsibility to ensure that they build the character of players, as well as their skills and promote good sportsmanship. We also have expectations of our players, officials and supporters and these expectations are reflected in our Club conduct agreements.

Community responsibility

Our Club has recently joined the 'Good Sports Program' which encourages a **safe** and **responsible environment** for players, families and supporters through the promotion of sensible drinking practices. Our players are also encouraged to participate in Club activities such as hosting and serving two meals at the Club throughout the season to teach them about the **value** of **community service** within a Club that operates entirely on volunteers. We also support causes such as the Cancer Council's 'Call to Arms' which raises awareness about cancer in men and the importance of screening and a healthy lifestyle.

Welcoming family environment

The meals program is one of several initiatives introduced this year as we strive for constant improvement at the Club - and it has been a huge success. It also provides an opportunity for our new (and old) families to share a meal with other Club members and for us all to get to know each other better. We work hard to provide a **welcom-**

ing and **inclusive environment** and our players are strongly encouraged to do the same.

Leadership

We are extremely proud of our volunteers. Our committee reached a record 22 people in 2008, all of whom have a diverse range of **professional skills** and **knowledge** which are adding further to the future development and success of the club. We appreciate that our members are busy people so we provide the opportunity for people to be involved on the committee, a sub-committee or even a small one-off project or event – it all helps.

Contact us

We would love to have you and your family **become a part of the Flagstaff Hill Football Club**. If you would like to register your interest and receive information about 2009 registration days, pre-season training dates and other important Club information, please complete the form overleaf and return in person to **Brett Charlesworth** or **Jo Collins**, or mail to:
